### Virtual Teen Service Hour Opportunities

Are you interested in earning service hours from home? The library has multiple opportunities for teens to create content for the library and its greater community. Each of the following activities are worth varying amounts of hours, but some can be repeated for additional hours. Just make sure to create new content with each resubmission. Below are the service opportunities available:

#### **Teen Takeover: Instagram Edition – 2 Hours per 4 Posts**

Want to create content the library can use on its Instagram? Submit four files related to library experiences, programs, and services that will go live as stories. Pictures and videos are both acceptable submissions, and you can be as creative as you want! Consider making book spine poetry or playlists related to your favorite novel, showing a library haul, sharing recommendations, recreating a cover, or promoting an upcoming event. There are so many possibilities.

Specific guidelines and explanations for this project can be found here:

Submit your creations in the following form: <https://forms.gle/BkABGFPvmPDbkQat6>

#### **Tails and Tales: Petigrees – 2 Hours**

Have you ever rescued a shelter animal? If so, we would love to hear your story. Describe your experience and why you chose to adopt by creating a video detailing the adoption itself and how the pet has added to your life. Animal fostering stories are welcome, too.

Specific guidelines and explanations for this project can be found here (insert hyperlink). If you went the video route where you show your face in it, you must have a parent's permission to share this content.

If your video file is too large for the form, please email it to [kaubishyouth@gmail.com](mailto:kaubishyouth@gmail.com). (The library would easily be able to download a video emailed to it from a Gmail account's Google Drive, but you are welcome to email it through another means if it is easier for you.)

For those who have not adopted or fostered an animal but have a pet, you can share your experience, too! Make a video about being a pet owner or turn in written responses with the Google Form's prompts. Consider addressing a cherished memory with your pet and tips you have about raising your specific type of animal. Also, what has surprised you about being an owner? What are important lessons you have learned along the way?

Please submit your video or written responses in the appropriate form: (insert link)

If you have never adopted, rescued, or fostered an animal but still own one, we would love to hear stories like these too! Fill out the appropriate form below about your pet. Just like with the other content, you have the choice of a video or written response submission:

### **Bookmarks – 1 Hour per 2 Bookmarks**

Make bookmarks for people in your community to use. Either print out and color/decorate the bookmark templates available for download or create your own designs. Upon completion, take pictures of your bookmarks before giving them to others (e.g., senior facilities or friends). The library would also be happy to set your finished bookmarks out for people to take.

Choose from the downloadable bookmarks here:

Submit pictures of your bookmark at the following form: <https://forms.gle/JLRm6fbEg6Cw99qq8>

### **Teen Teach Videos – 1 Hour per 1 Teaching Video**

Do you have a skill you want to teach someone? How about specialized knowledge to share? If so, consider making an instructional video for the library to post on its social media. The finished product is recommended to be 5 minutes or less, and you can approach the project in multiple ways. For example, you can film yourself teaching where you demonstrate your topic on-screen while talking about the topic as you go, or you can explain in a voiceover. You do not have to show your face if you are not comfortable doing so. You can also make a video presentation where you have step-by-step pictures accompanied by a voiceover. Other methods of video making are also acceptable, so please be as creative as you want.

Email your finished, downloadable video to the following address: [kaubishyouth@gmail.com](mailto:kaubishyouth@gmail.com)

You must have a parent's permission to share this video if you show your face in it.

### **Media Reviews – Hour per 1 Review**

Review media for the library by filling out the appropriate form below. You may write about books, video games, movies, and television shows. You do not have to have gotten the media from the library,

but you are welcome to review items you got from KMPL or through an inter-library loan. If any word counts are specified, please meet their requirements for full service hour awarding.
