

Teen Virtual Service Hour Opportunities

Interested in earning service hours from home? The library has multiple ways for teens to create content for the library and its greater community!

Takeover: Instagtam Edition

Submit four files related to library experiences, programs, and services that will go live as Instagram stories. Get creative in making pictures and short videos.

Tails and Tales: Petigrees

Share your story of adopting, fostering, rescuing, or owning a pet. Describe your experience and give some tips, too!

Get Crafty: Bookmarks

Make bookmarks for people in your community to use. Either print out and color/decorate the bookmark templates available for download or create your own designs.

Show Me How Videos

Do you have specialized knowledge to share or a skill you can demonstrate? Consider making an instructional video five minutes or less for the library to post on its social media.

Media Reviews

Rate and critique the books, video games, movies, and television shows you've been consuming.
